### NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge

Alton E. Merrill of Oxford was found guilty of wilful neglect of three children, at a hearing Saturday afternoon. The son and two daughters were placed under the care of the State Board of Charities. He appealed to the Supreme Court and gave bonds in the sum of \$200 for his appearance at the February term. Elmer Twitchell and Cora J. Twitchell were the surties. Wilfred G. Conary for the state and E. F. Smith, Esq., for the respondent.

The case is the result of charges brought by the State Board of Charities and Children's Guardians following an investigation at the Merrill home the last of December. The matter was placed before Howard L. Coy, acting as judge and overseer of the poor for Oxford, who proceeded with the legal matters under the law.

Mr. Merrill resides on the Westcott place near the second railway crossing, lower Fore Street, Oxford, having moved there shortly before Christmas from the Everett place near Porter Swift's home. The family at home include Eva A. Merrill, aged 13; Helen M. Merrill aged 11, and Elton E. Merrill, aged 8. A son Arthur, aged about 15, was not brought in to the case. He has had a home with Elmer Twitchell's family since the death of the mother in November, 1919. The elder daughter has kept house and all have attended school, a mile and more distant.

Ethel M. O'Brien an agent of the State Board of Charities visited the home late in December and under oath alleged the children were alone and the food supply low. She also brought charges that the moral influences were not as children should have. A certain visitor to the home was objectionable according to Miss O'Brien's statements. She also charged the father with leaving the children practically alone several nights and unmindful of their welfare.

Other witnesses called by the state were Ira Record, a teacher in the Fore Street School, where the children attended. Witnesses examined to show parental neglect were Alton Merrill, Josiah Thompson, Mrs. Ida M. Wyman, formerly a neighbor, Mrs. Frances G. Twitchell, Jacob A. Klein, H. L. Coy and Charles C. Davis.

In the testimony given by Mr. Merrill he admitted his financial circumstances would not admit a luxurious home. He denied the charges against him and also denied the children were not properly fed or clothed. His absence from home was when he visited other towns hunting work, at those times the eldest child, Ida, remained with the family. The respondent declared plenty of raw material was furnished which Eva prepared into good food, when time was wanted, and bakery products supplied the table. Mr. Merrill affirmed only on a holiday when the stores closed was the family short, as his means permitted buying in no large quantity.

Witnesses for the defense were Zenas A. Merrill of Bethel; the children, Arthur, Eva, Helen and Elton Merrill; Sarah Howard, a teacher and worker among the children of the Norway Methodist Church, and Mrs. Effie Sullivan, wife of Rev. F. A. Sullivan. The testimony went to show the children were provided with food, warm clothing and the home conditions were favorable under the unfortunate circumstances.

The court was friendly with the children and they showed no desire to be separated from their father and home. This case created much interest in the community and the court room was well filled. The family lived several years in Ward 8 before Mrs. Merrill's fatal illness.

Nearly Run Into By Auto  
Last Saturday forenoon, a team was hitched in front of Ridler's store and was standing quietly, when an automobile with three women in it came down street and turning around nearly drove into the horse. The horse, of course, jumped back rather than get run over. The driver happened to be the horse and succeeded in quieting the frightened animal. The women in the car backed away and drove up street laughing as though it was the greatest joke ever. It certainly was no joke on the driver, because the harness was damaged and had to be replaced by other one of the horse's eyes and a finger or the driver's right hand were badly hurt. A harness can be mended or replaced, a finger with good care will heal, but nothing can mend or replace the loss of an eye, whether on a person or a dumb animal. People who have no thoughts for other than themselves ought not to be allowed on any street with an automobile.

Amateurs Heard Long Distance Message  
Raymond E. Winslow of this town and Rinaldo Wiggins of South Paris, both enthusiastic amateurs in wireless, while "listening in" early Sunday morning, on Winslow's instruments, picked up a radio phone message. A man's voice repeated several times the following announcement: "This is going to be a relay message go from the mayor of Portland, Maine, to the mayor of Portland, Oregon. This is to be relayed by the A. R. R. L. (American Radio Relay League). It will probably take from one to three hours to get and return. Please all stand by and stop sending." The message started at exactly one o'clock a. m., Jan. 16th, and they heard the words relayed several times which must have taken it far beyond the middle west and out of range of Winslow's instruments.

Fred Faneuf, Perley Merrill and Shirley Milliken are operating a wood sawing outfit with power produced from an automobile.

Mrs. Jennie Bates Russell left for New York, Wednesday night, Jan. 12, where she will attend the Seventh Day Adventist convention and also the W. C. T. U. convention. She will be away two weeks.

Kenneth C. Gurney has returned from Boston and spent several days with his sister, Mrs. Clarence H. Downing, at family, Pleasant street. He has gone to his camp at Lake Keoway, East Stoneham, where he plans to remain during the winter.

Leroy Spiller fell on the slippery pavement opposite the postoffice Saturday, evening, with a severe shaking and a slight injury to his arm.

### Farwell Reception

At the Congregational Church Thursday evening a farwell reception was given Rev. and Mrs. Melbourne O. Baltzer, who soon leave for Randolph, Mass.

The vestry was prettily decorated by Rose Hamlin with evergreens and cut flowers and the rooms were transformed into parlors by the use of art squares, rugs and easy chairs.

The receiving line was formed in a half circle in the small vestry and in the receiving line were Rev. and Mrs. M. O. Baltzer, Mr. and Mrs. James N. Tubbs, Mr. and Mrs. Herbert F. Andrews and Mr. and Mrs. Harold H. Jones.

A large number of friends from the different churches and the community at large were present. The Knights of Pythias attended in a body. The ushers were Alice Bartlett, Virginia Hall, Elsie Kimball.

Refreshments of punch and fancy cookies were served during the evening in charge of Mrs. Percy H. Nevers and several assistants.

The gathering was called to order by Albert J. Stearns who called for remarks from Rev. Frederick A. Sullivan, pastor of the Methodist Episcopal Church, Rev. G. M. Miller, pastor of the Universalist Church, Herman L. Horne and Orrington M. Cummings, each responded with feeling regretting the departure of Mr. and Mrs. Baltzer from Norway, yet congratulating them on the advancement in their new field of labor. Mr. Horne in behalf of the parish presented Mrs. Baltzer with a sum of money and Mrs. H. L. Bartlett in behalf of the Ladies' Circle presented Mrs. Baltzer with a dozen silver teaspoons.

Rev. M. O. Baltzer commenced his pastorate in the Second Congregational Church early in April, 1918, coming from Mexico, Me., where he was most successful. He immediately entered into the activities of the community and was soon well known among the members of the other denominations as in the one he was serving. The men aimed his first attention to a class in the Sunday school which was reorganized on a sound basis with Herman L. Horne, the teacher.

Other departments have felt his influence and he leaves the organization in a fine condition. Successful work was carried on in the First Congregational Church at Norway Center during the summer.

He was active in the local Red Cross Chapter and prominent in the Inter-Church movement over Oxford County. Serving on various denominational county and state committees has brought him into wide contact with many of the many lasting friendships have been made. In sports he has been one of the strong champions of clean work.

Rev. M. O. Baltzer resided several years in Massachusetts, at one time he was assistant pastor to Rev. Frederick B. Robinson, Phillips Congregational Church, South Boston. He graduated from Bangor Theological Seminary '05 and Bowdoin '09, later he completed a course at Andover-Harvard Theological School. He is a Mason and a member of Pennessawasee Lodge No. 18, K. of P.

Following the lodge session, a buffet lunch was served in charge of John F. Swain, Arthur Herrick, Harry Lovejoy and Horace H. Cole.

Harry Goodwin hurred a frenzied finance question at the office force Saturday. This is it: "How much does a million one dollar greenbacks weigh?" Fred Sanborn thought two hundred and fifty pounds would do. Chandler was with him among twenty-five pounds while Ralph and Mrs. Conary held their peace and were non-committal. "You're wrong," quoth Harry, "About 3,000 lbs. is the answer, for I saw 200 weighed this morning and the scales said 9 1/2 ounces. Therefore, 1,000 equals approximately 3 pounds or one ton and a half to the million."

Frank Herrick of Auburn was in town Saturday for rabbit hunting. Conditions not favoring the sport, he went after pickled at North Pond and brought back a large string. He returned to his employment Sunday.

Lawrence Decoteau was home from Berlin, N. H., the week end guest of his parents, Mr. and Mrs. Philip Decoteau.

He tells the truth. I recall the incident. Mr. and Mrs. Brimmerjohn were accompanied by Prof. Newton and wife of Kent's Hill and just at dark they caught 16 trout in jig time and felt very happy over it. I got only one fish. That is how it was.

Operating Mill  
They say that all loafers at Norway Lake, quite often called Bog City, have to do to is poke and make fun of some people that are using their ingenuity and are making hard efforts to accomplish one or more things. Thaxter Doughty, being a genius at anything he undertakes has been erecting a small mill at his farm. It is equipped with boiler, stripper, planer and shingle machine, these being run by a 12 H. P. Simplicity gas engine.

The writer called on Mr. Doughty, the other day as he had been very anxious to see his boiler and stripper work, and can gladly say that every thing works just lovely, being able to handle two cords or more of birch a day. Mr. Doughty and his son do the work. Now if the Bog City loafers would get busy and accomplish something just one-half as fine as has Doughty, instead of loafing around the stores and making fun of others, it would be beneficial to the town of Norway, especially to Norway Lake.

Jack Frost on Rampage  
Tuesday was a cold day. With the mercury 10 below zero at 7 a. m., and a strong northwest wind howling about the eaves and racing down the streets, made uncomfortable conditions. Relative glasses indicated a below zero temperature all day with no let up in the force of the wind. Coal bins suffered and wood piles shrunk. Mercury stood at 2 below at noon and 5 below at 6 p. m.

Wednesday opened with 8 below zero and the force of the wind was greatly diminished. A gradual rise in temperature during the day brought about ideal winter conditions with people creeping away from the fireside. Six above zero at noon was indicated.

The cold wave followed a long period of comparatively mild weather. While all were looking for severe weather sometime, the unexpected really happened and came as a sudden jolt. Many frost bites are reported and only the most hardy could face the icy wind without sensible protection.

DIZZINESS IS  
ANNOYING

As Many Norway People Know Too Well

When the kidneys are weak or disordering, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Norway resident's statement:

Mrs. Orville Palmer, Lower Main St., says: "Just recently I was suffering from disordered kidneys. My back was very painful and it made me restless at night. I was also dizzy. Everything seemed to turn around in the room. My kidneys didn't act regularly. My mother had used Doan's Kidney Pills with benefit, so I decided to go to Clark's Drug Store and get a supply. After using two boxes I was all right. I gladly recommend Doan's Kidney Pills, knowing them to be a good reliable kidney and backache remedy."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Palmer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

After Long Suffering Mrs. Siefert Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not fit to do any work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 318 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge.

If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health by Lydia E. Pinkham's Vegetable Compound.

WEARY CLUB WISDOM COLUMN

Edited by Nate Merrill

The average man is reasonably truthful until he begins to pay taxes.

Young men are as hard to awaken on winter mornings as an automobile.

Writers we like most are those whose ideas are in accord with our own.

Love may make the world go round, but jealousy can keep it pretty active.

Good horses are like good men; scarce, but when you find a good one he is valuable.

It isn't so bad for a woman to make a fool of a man if she doesn't let him find it out.

Some people love arguments so well they refuse to eat anything that agrees with them.

A girl's idea of a good marriage is to land a man who makes twice as much as her father.

Life isn't a "straight drink." It's a concoction of highs, smiles, tears and laughter.

When a man is ruled by a woman his friends say he is "weak." He is not weak; he is scared.

When you see a lot of men trying to pull a man down, it is at least evidence he is up in the world.

A doctor can get paid big prices for doing his best, but in most other lines one must deliver the goods.

An Oxford woman has 17 gowns and all of them worn at one time wouldn't keep her warm with the temperature at 40 above.

When a man sits in a deep study and smiles, it is a safe guess he is not smiling at the thoughts of the crown he will wear in heaven.

Some men select Christmas presents much as they select wives. They look and look until they are compelled to grab what is left.

A Norway man is so slow that by the time he reaches the point in the funny story he essayed to tell, his audience has disappeared.

"It looks good and tastes good, but don't seem to accomplish much," was the remark of a Norway man after sampling a one and one-half per cent home brew wine.

Did you ever stop to think that most of the people who agree with you on politics and religion are broad-minded, far-sighted and above the average in education and intelligence, while those who disagree with you are, as a rule, bigoted, narrow-minded and quite deficient mentally?

The most irritating thing a husband does is to rail to his wife at the women who rouge and resort to other devices to enhance their looks, and then when he and his wife go out together, to devote his attention to the women with suspiciously pink cheeks, plucked eyebrows, etc., to the utter neglect of the women who allow nature to take its course.

Government Pays for Soldiers' Burial

So little is generally known of the methods employed by this government to return the soldiers' bodies to the nearest in kin, a little information would not be out of place.

An article from the funeral directors' magazine gives the necessary information and should be kept for future reference. It says:

"The family must pay the local undertaker, and then receive repayment (not to exceed \$100) from the Bureau of War Risk Insurance. The United States government does not make any direct contracts with private undertakers for the burial of overseas veterans whose bodies are returned to this country. Men under treatment at government sanatoria and hospitals who die are prepared for shipment and burial by funeral directors (not by undertakers) under government contracts (not on competitive bids), but military dead brought from overseas are prepared for burial by the Graves Registration Service of the army, and upon their being landed here, the next of kin are informed by telegraph. As soon as the families' desires have been made known to the officers of the Army Transport station at Hoboken, N. J., the remains are shipped, under escort, to points designated by the next of kin. Or, if it is desired, the government will pay transportation charges for some relief, or the family desires to accompany the body to its destination.

Upon the body's arrival at the family home the military escort relinquishes control of the remains, and it is then in order for the family to proceed with funeral arrangements.

Expenses for transportation of remains from the railway station to the home, or funeral chapel, and to the cemetery, other incidental expenses of burial, and purchase of burial lot, if necessary, will be paid for by the government if not in excess of \$100.

Vouchers for these expenses, properly attested by the person entitled to custody of the soldier's body, and showing a completely itemized statement of all expenses, should be presented by the next of kin—not the undertaker—to the Bureau of War Risk Insurance, Washington, D. C.

BASKET BALL

Westbrook Seminary, 20-N. H. S., 19 Past and furious was the race at Norway Opera House, Friday evening, when Norway High lost a hard fought battle by one floor basket in the last few seconds of play. If the so-called new rules have the power to kill speed as alleged by many, that charge was not proven during this swift struggle. As the game went, the proceedings differed little from some of the hot old times pulled off last winter with intensive team work featured. The visitors are a well oiled organization, but Norway matched every move and frequently displayed superior skill. Acrobatics and strong men stuff went 50-50 and everything not absolutely blood thirsty passed as in days of yore.

No soft, preliminary moves were introduced on the start, both teams dashed after the pill and the battle waxed hot. Norway caged the initial basket and held a slight lead through the first period by a superior skill at the ring. Purlington nailed two from the floor and three at the foul line. Desocoteau captured one on the floor and Ledger slipped two through the hoop all during the first half. This gave a total of 13 points against Westbrook's 10. In the same half the "Sems" purlined 3 floor baskets, one each from J. King, Balfour and Kenny. King passed in 3 on the foul line and Gaughan 1. Feeling ran high and as the teams warmed up so did the spirit of resentment soar to conditions called strained. Fouls on Norway 7, on Westbrook 5. Score keepers were not together at this time as the visitors claimed one more point than the Norway book indicated.

The second half will go down into local history as spectacular and speedy. Westbrook set the clip and was followed up closely. They had nothing on the home outfit that could not be duplicated with the same goods, and so the game went with a mad rush. During the last ten minutes the visitors gradually climbed toward the front room in spite of the strong line of defense. This was made possible by the accurate work of J. King on the foul line, as only King, Gaughan and Balfour found the ring once each from the floor. Norway lost many beauty shots at the east net getting but 2 from long range made by Purlington and Ledger. Six chances at the foul line netted only 2 points as the bladder would not tumble through.

The law went off side tactics during the last five minutes and a dozen floor officials could not follow accurately the whirlwind finish. With the score 18-11 in favor of Norway, the visitors rushed and plunged with determination not prompted by any desire to live up to the spirit of modern playing. J. King smashed several dangerous passing combinations and made gains with their close team work. Westbrook secured the last basket and won less than three seconds before time was up. Norway was in possession of the ball. The score:

Norway Freshmen, 24—Rumford Freshmen, 8

The extra attraction as a preliminary to the main event, the Opera House, Friday evening, was arranged at a late hour. This was the get-together with the freshmen of Norway and Rumford. The visitors were outplayed in passing and shooting so never came within speaking distance of the visitors' wreath.

Both teams quality in the feather weight class with Rumford carrying more eiderdown than Norway, excepting their center, Cornell, who probably boosted considerably the average weight of the outfit.

Well, to make a long story short, the youngsters got busy and went into it, and played a clean slate throughout. Several were penalized for holding during exciting stages, but nothing of a deliberate nagging was in evidence. Both combinations showed considerable speed, size considered. Altogether, the contest was punctuated with lively comedy and many interesting situations. King was a master hand at basket making during the first half, Nevers, Palmer and LaFrance limbered up in the second for two each. Morrison starred for the visitors. The score:

Knights' Installation Ball

Saturday night, Jan. 15, the Knights of Pythias gave their annual Installation and dance. It was as usual a great success. The Knights have given these public installations for a number of years now and they never fail to bring a large crowd and plenty of fun.

The largest crowd was present that has been to a dance in this vicinity for some time. All the neighboring towns were very largely represented. A number of people came from Norway, Lovell and Waterford. Many of the dancers were disappointed as there was not room enough for all on the floor.

Their violinist was called suddenly to his home and so was unable to play, but he was very satisfactorily substituted by Carlton Barker. Everyone is hoping they will follow this dance by more as they are always sure of a good time here.

BETHEL

J. W. Purlington, one of Bethel's business men, died, Friday morning, Jan. 7, after a week's illness of pneumonia.

From the first there seemed little chance of recovery. Saturday, the three children were summoned home from Massachusetts.

Mr. Purlington was born in Brunswick, April 30, 1846, the son of the late Daniel and Pauline Purlington. He came to Bethel in 1869 and entered the employ as clerk with the late Robert A. Chapman. In course of time the firm became Woodbury & Purlington, and that sign still remains on the store near the R. R. station.

On Dec. 27, 1873, he married Francis Woodbury, daughter of the late Judge and Mrs. E. W. Woodbury of Bethel.

Mr. Purlington has filled many places of trust. From 1891 to 1898 he was town treasurer and has been for many years on the cemetery board, director of Bethel Savings Bank and one of the Trustees of Gould's Academy. About 40 years ago he was made one of the deacons of the Congregational church. Mr. Purlington was not affiliated with any of the orders and his interest was first centered in his home, family and his church.

He is survived by his wife and three children, Mrs. John V. Holt of Andover, Mass., Belle, who has always lived at home, Harry, who is married and resides in Connecticut, and two sisters, Mrs. Ada Holbrook and Flora Purlington of Brunswick.

The funeral was held from his late home, Monday afternoon, at two o'clock, attended by Rev. W. C. Curtis, assisted by Rev. S. T. Achenbach.

Those from out of town, who came to attend the funeral were: Wesley K. Woodbury, Esq., of Pottsville, Pa.; Mrs. Ada Holbrook of Brunswick; W. H. Eastman of East Sumner; Mrs. Clara Howard and Mrs. Fred Wright of South Paris; Mr. and Mrs. Fred Chandler of Auburn.

## ALBANY

Hiram French, who came down from Stewartstown, N. H., last summer and bought the John Cummings farm in the south part of the town, will have a nice farm in a few years if he and his sons hold out as they have begun. They have got timber enough on the farm to keep them busy for more than ten years. There has not been any wood or timber cut on the farm for about forty years. Fifty-five years ago this was one of the best farms in town, the best house in town except one, the best orchard in town except one. An apple tree, has been trimmed or grafted, nor bushes cut. After Mr. French and son have worked on this farm one year and cut the bushes and trimmed up the apple trees it will make a big difference in the looks of this farm. There is a good maple orchard on this farm and the best corn land in town. We understand Mr. French owns Chalk Pond near the Dresser school-house.

H. I. Bean has filled up his store again and doing a good business.

This community was saddened by hearing of the death of Fred Mosher of North Waterford. He always was a good square man to do business with Mr. Mosher has bought beef cattle and oxen of the writer and sold him a large flock of sheep and a nice horse several years ago. The trades all proved satisfactory to both parties. Now Mr. Mosher has passed away we do not know of only two more Odd Fellows now living who were charter members of Oxford Lodge that was organized in the spring of 1875.

The sad news reached Norway of the death of J. U. Furlington of Bethel. He was an honest man and every one had respect for him. He and his father-in-law, Judge Woodbury, ran a grain mill and kept a store and did a rushing business. They were obliged to keep a clerk for many years. Judge Woodbury passed away, also the clerk several years ago. There were three grain stores and mills in Bethel for a long time, but the Furlington's grain mill had the inside track for their mill was so near the railroad track, that they could unload their carsloads of grain from the car right into their mill without loading it into a wagon and hauling as the other grain mills had to do. This grain mill used to furnish the larger part of the grain and flour that was used in the towns of Albany, Greenwood, Mason, Newry, Hanover, Gilead, besides shipping a large quantity, up and down on the Grand Trunk railroad. They had a big trade up in the lake country.

Mrs. George Pierce, formerly of Albany, the daughter of W. W. Bird, is sick in the hospital at Lewiston. Nelson Trickey of Jackson, N. H., who married her sister, Jennie Bird, passed away, recently.

## Fernald's Mills.

Chesley Rugg has gone to Kingfield to visit his father, Henry Rugg, formerly of this town.

Mrs. H. I. Bean of Hunt's Corner called on Mrs. Etta Flint one day last week.

Mrs. George Briggs is at her brother's, Fred Wheeler's, in Bethel. She was operated on last week.

Cliff McAlister and wife spent the day, Sunday, with Mrs. McAlister's mother, Mrs. Flora McAlister and brother, Clarence McAlister.

E. E. Barker has been sick for the past week, but is now able to be about his work.

Clarence McAlister suffered for thirty-six hours with the hiccoughs before he could find any relief, but is better now.

PIGEON HILL

Mrs. J. K. Denning

Mrs. Eliza C. Denning died at her

home on Pigeon Hill, Friday, Jan. 14,

after a short illness. Mrs. Denning was

born at Lowell, Mass., 73 years ago, the

daughter of Mr. and Mrs. C. K. Smith,

who lived at Mechanic Falls several

years. Mr. Smith was a successful shoe

maker. He was the first man to run a

boot and shoe store in Mechanic Falls.

He employed several hands to make his

shoes. Later they moved to South

Paris.

She was united in marriage to J. Kel-

ley Denning of Mechanic Falls, Feb. 15,

1866, at Georgetown, Mass., by Rev.

Chas. Beecher, D. D., and for fifty-five

years dwelt at Elmden Farm from which

they celebrated both silver and golden

weddings, both occasions will long be

remembered by their friends.

Mrs. Denning leaves two daughters

and one son, who is married and re-

sides at home, Mrs. Fannie March, who

lives at home and her husband.

There are also three grandchildren:

Ray D. March of Portland, Oregon;

Clarence March, teacher of manual

training in Lewiston, and William Kelley

Hall, student at Bowdoin College; Mar-

garet March, a great granddaughter,

and one sister, Mrs. Isabel Noyes, of

Norway, besides a large circle of friends,

who ever found a welcome at her home.

Mrs. Denning was a fine musician,

## LETTER FROM FORMER NORWAY

BOY

The following letter was written by

Joseph Merrill son of Wiggins L. Mer-

rill of Brockton, Mass., formerly of Nor-

way, to friends in town:

Brockton, Mass., Dec. 31, 1920.

We didn't have any snow here until 2

days after Christmas, and believe me, I

was a real winter sports enthusiast.

There is nothing out here only mud-

ponds to skate on. The only amusements

here are the various theatres. City life is

all right in some ways, but believe me,

for the sport Maine is the place.

Among other Christmas gifts I had a

trip to New York City, Virginia and I

and a friend are going to New York in

two weeks. We are going for a lark.

When Dad first came to Brockton he

worked for a Mr. Wilson, a very noted

studio. He worked there for two years

and was offered a better paying position

with another photographer, the Rand

Studio. Dad worked there for one and

one-half years and put his bid in for

class work at the High School and was

elected Class Photographer. Of course

then, he had to open a studio, and the

only available room was directly next

door to the Rand Studio. We have two

handsome, big rooms, a reception room,

furnished to represent a living room of

a wealthy home, grey wicker furniture;

we have the operating room fixed up very

name-like also, and besides these two

rooms, we have the dark room and work

room. We have been in business two

years, Jan. 20. We have done wonder-

fully well, being in business only two

years. Last Xmas, Dad bought a three

tenement house and gave to Ma for an

Xmas present. Now we own our busi-

O.—Minnie Littlefield, assisted by G. S. Sarah Brown. C. M.—Eva Adams.

Several applications were received and with a number of others expected soon the outlook for the year seems very encouraging. Hiawatha Lodge No. 49 K. of P.'s gave a public installation of officers Saturday evening, Jan. 15, by D. D. G. C. A. E. Nelson, G. P. M., W. E. Warren; G. M. of A. S. E. Old Fashioned Quilting Bee. The ladies of the Sewing Circle held their first "sewing bee" of the season at the home of Mrs. Sarah Browne. This one took the form of an old fashioned quilting bee minus the bit of gossip that the old saying has it, was stitched into every square. Not a bit of gossip was indulged in for the day, but a very nice, warm quilt was made as a gift for Rev. C. N. Eliopoulos from the Sewing Circle and a very "comfortable" gift he must have found it during this below zero weather. Each lady carried something in the pastry line and at noon a delicious repast was served by the hostess, to which all did full justice. In the afternoon a business meeting was held for the election of officers, which resulted in the reelection of all the old officers as follows: Pres.—Mrs. A. E. Nelson. V. Pres.—Minnie Littlefield. Sec.—Mrs. Elmer McAllister. Treas.—Mrs. E. E. Allen. Press Cor.—Mrs. F. H. Grover.

The books showed the Circle to be in a very flourishing condition and proved the past year to have been the most successful since we have all been affected by the H. C. L. The next Sewing Bee will be held at V. H. Littlefield's, Jan. 27. The hostesses will be Minnie Littlefield and Mrs. A. E. Nelson. All kinds of useful and fancy articles will be made this winter for their fair to be held next summer.

Burned To Death. The town of Denmark was saddened by the tragic death of one of her oldest ladies Monday evening, Jan. 17. While Mrs. Addie Rowe was pouring kerosene on the fire in the kitchen stove, the can exploded and soon her whole clothing was in flames. Her daughter, Mrs. Ellis Blake, was with her, but in spite of all her efforts to smother the flames, she was so badly burned, her death followed in a few hours. ### WOODSTOCK

Town Meeting Thoughts. Town meeting will soon be here and it is up to every citizen to give careful thought and consideration to the several important problems which press for solution. We have the road question ever with us, also many others, but surely we can all agree that there is no question or problem any more important than that of providing for the schools so that Woodstock boys and girls can have the best of education and advantages right here in our home town.

The town of Woodstock from the early days has gone the limit for its schools, and never when the actual need for improvements been clearly set forth have our citizens failed to respond at town meeting.

In 1915, when our present school building was built, people did not realize that within a very few years the building would be over crowded, making

some action by the town absolutely necessary if the school is to go on and make the progress that every good citizen wishes to see. With only fifteen students in the high school at that time, the citizens felt that in providing room for thirty students they were taking care of the needs of the school for many years to come. The situation today is this: With a good building our high school commenced growing and this winter we have forty-seven students in a room which was intended for not more than thirty at the most. Our graduating class numbers six, our entering class next fall promises to number from fourteen to twenty, which would bring the total number of students next year close to the sixty mark. We are drawing large numbers of students from other towns and this number can be maintained and increased if we as a town will provide the room for them.

Many of our citizens feel that our town

should not hesitate to take action at the meeting in March and provide the room needed so that our high school can continue to progress in the future as it has in the past. This is a question which we all as good citizens need to be thinking about seriously. Can we afford to stop the growth of our school for lack of room? Let us think it over and make our plans, so that at town meeting we shall know what step is needed to remedy the situation.

## THE YANKEE WHITTIER

Did older readers of the Democrat ever stop to think that whittling has become a lost art to Yankees? Not so many years ago no New Englander could loiter long in any place without taking his jack-knife from his pocket and proceed to whittle—whittle anything that came handy. New benches and desks had to be placed in schoolhouses every few terms because of the propensity of the boys to whittle. It was almost impossible to keep benches in waiting rooms of a railroad station for the same reason. Old-fashioned store keepers always placed fresh boxes about the store of an evening for their customers and swept up the whittlings next morning to build fires with—Oxford Democrat.

About the time the foregoing was published the writer of this sat beside Fred W. Sanborn of the Norway Advertiser in a meeting of the Maine Press Association.

Mr. Sanborn was listening to a speaker, but while doing so he took a small whetstone from his pocket, sharpened his knife, found a nice piece of soft wood on his person and proceeded to whittle it. And Mr. Sanborn is a Yankee and lives but a mile from the Democrat office. —Piscataquis Observer.

The habit still lingers and there is real consolation in a few stick and a sharp knife. There are many Yankee Whittlers in Norway and the floor of the Weary Club is well littered with beautifully curled shavings every day. Guess we'd better invite the editor of the Democrat to come over and see us.

## High School Notes

Edward H. Brown, instructor in the Agricultural Department, has his class of thirteen boys on the way to practical farmers. Although the department has been running only since September, considerable ground has been covered and the foundations are being laid for field demonstration and project work when farming activities commence in the spring. A beginning was made during harvesting last fall when the class inspected numerous corn fields and potato patches and observed both the right and wrong methods according to a scientific standard.

Laboratory work thus far has included experiments with the Truog Soil Acidity Tester; a practical demonstration with the Babcock milk and cream tester; the capillary rise of moisture in soils and tests to determine amount of organic matter. Flocculation of lime and the percolation of water have been carefully observed. Note books have been used freely during these experiments.

Great things are in view for spring study. A hard sprayer is on hand to be used on fruit trees and about infected poultry houses. Tree pruning and grafting will start early. A trip will be taken to Highmoor Farm and Orono for observation where experiments are carried out on a large scale. When the boys wish to build articles for their experiments or for their gardens, a kit of tools and lumber are handy in the farm work shop. A plan is underway to fit up with agricultural implements and a gasoline engine for close study.

The class is divided as follows:  
Seniors—Fred G. Noble, Harold W. Thurston, Carroll R. Deoster.  
Juniors—Warren F. Knightly, Carl Perry, Freshman—Norman L. Amis, Ervin W. Cummings, Charles A. Everett, Edwin M. Gammon, Arthur M. Higgins, Asa F. Packard, Alva L. Richardson, Stanley S. Walker.

## Helen Yorke to Give Concert

One of the most interesting musical events of the season will be a song recital by Helen Yorke, the well known coloratura soprano. Miss Yorke is not only one of Maine's most famous artists, but is a native of Oxford county, being born in Bethel. Her rise to musical prominence has steadily increased since the beginning of her study in Italy some years ago. She appeared for several years with remarkable success at the Bellini Opera House in Naples, her repertoire consisting of the leading roles in twenty-six operas. Recently she has appeared as soloist with the Philadelphia Symphony Orchestra and at the Worcester Music Festival, also with Bonci, the leading baritone of the Metropolitan Opera Company.

Miss Yorke's voice is of a rich color, her taste is excellent, reserved and intensely musical. Her English diction makes the words of her songs as clear as their mood is defined. She gives an interesting and varied program, ranging from operatic arias to the more simple types of music which appeal to everyone. Young, fascinating, and pleasing to look upon, she displays a charm in personality that never fails to enrapture her audience. Miss Yorke will be accompanied by Ruth Cummings. This concert is to be given under the auspices of the Universalist Church, Friday evening, February 4th.

Rosie Merrill was leader of a sliding party on Pleasant street on evening recently. After the sport the party of eight was entertained at her home at 29 Tucker street. A delicious oyster supper with cake and coffee was served after which games and music occupied the time until midnight.

Engelbert D. Millett has tendered his resignation as road commissioner and it has been accepted by the Selectmen and they will act in that capacity till the annual town meeting.

The Rebekahs will serve a supper at 6.30 in the I. O. O. F. hall before the regular meeting, Friday evening. It is expected an entertainment will follow. Business for the coming year will be talked over and plans made to extend the good work. The members of the supper committee: Mrs. Nora Bradbury, chairman, Mrs. Addie Stevens, Mrs. Etta Chick, Mrs. Ella Lebroke, Mrs. Marion Woodworth, Mrs. Edith Foss, Jessie Everett and Mrs. Alice Hall.

Mrs. Leslie L. Mason spoke before the Barton Reading club, Thursday afternoon, presenting the plan of amalgamation of the State Chamber of Commerce with the Agricultural League.

William W. Gallagher was elected a member of the Maine Bar Association at Augusta at the annual meeting on Jan. 12. Other attorneys in Oxford County accepted into membership were, County Attorney Harry W. Shaw of South Paris and Henry H. Hastings, esq., of Bethel.

Lawyer William W. Gallagher has been chosen secretary of Judiciary at the State legislature at Augusta.

The Sophomore class, N. H. S., enjoyed a sleighing party to the Haywood Clubhouse on Crockett Ridge, Wednesday evening, Jan. 13. A fine oyster stew supper was served, after which games and a general good time was enjoyed. Principal Albert C. Parker, Edward H. Brown, Edith M. Knight, Eva Haggood and Mrs. Janet Pratt accompanied the young people as chaperones.

Leon M. Longley is confined to the house because of boils on his arm.

### SOUTH PARIS

Division of the Town Possible  
West Paris or "Bates" wishes to be set apart as an independent municipality comprising the ten upper tiers of lots. The line would cross Stearns Hill between the farms of Richard Gates and Clarence Stearns, putting about 37 1-2 per cent. of Paris into the new town.

This decision on the part of many West Paris taxpayers has been brought about because of a strong feeling South Paris village might be getting the "plums" through the annual appropriations. Especially were exceptions taken to the sewer, and concrete road under construction.

A strong opposition has grown in West Paris against breaking away from the parent town, believing no actual benefit will come from the change. Realizing taxes are abnormally high, they see no way to escape the issue by an independent town government.

The question has caused no great alarm in South Paris. A committee appointed at the recent banquet of the South Paris Board of Trade authorized two of their number to go over the books with selectman Samuel F. Davis, and prepare a statement, comparing the north end (West Paris) and the south end (South Paris) districts according to the line of division as suggested by those wishing to separate. The tabulated figures are as follows:

**TOTAL VALUATION**  
Valuation of resident and non-resident land and buildings, \$1,340,245.00  
South end value, \$1,024,500.00  
North end value, \$315,745.00

This would give the north end 255 per cent. and the south end .765 per cent. of the valuation.

**ROADS—MILEAGE REPORT**  
(Miles and tenths)  
Total of all mileage in town, 126.8  
South end mileage, 88.6  
North end mileage, 38.2

**HIGHWAY BRIDGES**  
Total number in town over six feet long, 42  
South end has, 26  
North end has, 16

North end has iron bridges over all streams over 15 feet.

**SCHOOL HOUSES**  
Total number in town, 20  
South end has, 6  
North end has, 14

**Board of Trade Banquet**  
The banquet and get-together of the South Paris Board of Trade held Thursday evening, Jan. 13, at the Grange Hall was a success.

Paris Grange served the banquet and laid covers for seventy. The menu included mashed potatoes, cold ham, preserves, meat, hot biscuits, salads, pies and cakes.

An informal business meeting followed with the president, Perley F. Ripley in the chair. The letter from F. R. Penley of West Paris, stating that at a citizens' meeting in that village a vote had been carried to proceed to divide the town, and suggested a committee from South Paris jointly with them in the matter.

After an informal discussion, President Ripley was chosen chairman of a committee to investigate. He appointed Richard H. Gates, Leslie L. Mason, Chas. W. Bowker, O. K. Clifford and J. Ferd King to assist in collecting material to be presented at a mass meeting later on.

The delivery of mail in the corporation was explained by Postmaster J. A. Kennedy. The department will put on one carrier for two deliveries a day over a territory north to Nichols street, south to Oxford street and Highland Ave., west to Gary street.

James Q. Gulnac of Bangor, president of the State Chamber of Commerce and Agricultural League, spoke at some length of the work of these associations. Emphasis was placed on the agriculture of Maine, and the present unnatural conditions of the railroad, calling for relief.

J. A. Kennedy spoke briefly in a reminiscent vein concerning prominent citizens in the community he had known since 1878. Supt. of Schools, A. B. Gargelon, presented the school housing conditions and suggested something be done to relieve the congestion at the next annual town meeting.

Alfred B. Morse, the favorite local entertainer, closed the program with several readings for which he is famous.

**Public Library Meeting**  
At the annual meeting of the South Paris Public Library Association, the following officers were elected:

Pres.—J. Hastings Bean  
Vice Pres.—Charles L. Buck  
Sec.—Ruth Bolster  
Treas.—J. Hastings Bean, Nelson G. Eldred, Charles R. Howard, Minot Whitson, John Wright.

One hundred and thirty new books have been added the past year including a set of ten volumes on Messages and Papers of the Presidents, donated by Mrs. Shurtleff of this town. Nine thousand books have been loaned during the year.

**Brick Grammar School**  
The following had 100 per cent. in spelling for the week:

Grade 8—Geraldine Stewart, Ruth Crockett, Lora Porter, Lena Marston, Ida Card, Thelma Burgess.

Grade 7—Shirley Bean, Mamie Cummings, Lena Davis, Edythe Kerr, Lillian Edwards, Martin Davis, Henry Burman, Estelle Thurlow, Doris Marston, Bertha Bowker, Bernice Parsons, Velma Shaw, Lila Bryant, Henry Sweet.

### ACTED ON WIFE'S ADVICE, HE SAYS

Since Tanlac Freed Him of Rheumatism  
Doucette Says He Will Never Be Without It Again

"I will always be glad I took my wife's advice and got Tanlac for my troubles," declared Henry Doucette, of 111 Winter St., Lewiston, Me., assistant foreman of the Parker Spool and Bobbin Co., the other day.

"Why, this medicine has rid me of a case of indigestion and rheumatism that had bothered me for three or four years, and has added thirteen pounds to my weight besides. Before I got Tanlac I had indigestion so bad everything seemed to lie like lead in the pit of my stomach and cause me such sharp pains I could hardly stand it. Gas would form and almost smother me. I became so nervous and restless I couldn't be at ease anywhere and at night that smothering feeling was so bad I had to get out of bed in order to breathe. The rheumatism was so bad in my hip that every step I took was painful to me.

"My wife insisted on my trying Tanlac and the way it went to work on my troubles was astonishing. I finished the first bottle feeling a great deal better, so I kept right on with it, and now I am sound and well. I eat three good, hearty meals every day and never feel a touch of indigestion. All signs of rheumatism have left me. I am no longer nervous and sleep fine every night.

Tanlac is sold by A. L. Clark Drug Co.
